DFCS Families and the Chauvin Community,

As we begin another busy month, I want to take a moment to thank our families and community members for the continued support you show our students and school. Dr. Folkins Community School is fortunate to be part of a community that cares deeply about its young people, and we are always grateful for the many ways families and community members contribute to school life.

September was a whirlwind at Dr. Folkins Community School! Our students jumped right into a busy month of learning, activities, and athletics. A special thank you goes to Mrs. Tarla Olson, who has put in countless hours supporting our students through golf and Junior and Senior Volleyball. So many of our students have the opportunity to participate in school sports because of the time and energy Tarla gives outside of the regular school day. If you happen to see her around town, please take a moment to thank her for everything she does for our students.

As we move into October, we are looking forward to Thanksgiving, Halloween, and more opportunities to welcome families into our school. This year, we are introducing a series of Family Literacy and Numeracy Days for our elementary students. To make these events more accessible to families, we have scheduled them at different times throughout the year:

October 30 – Family Literacy Day at 11:15 a.m. — and since it is Halloween, costumes aren't just for the kids!

January 15 – Family Numeracy Day at 2:45 p.m.

March 5 – Family Numeracy Day at 11:15 a.m.

April 7 – Family Literacy Day at 2:45 p.m.

We hope these days provide another opportunity for families to come into the school, learn alongside their children, and simply enjoy being part of our school community. These events also connect closely with the goals of Buffalo Trail Public Schools. BTPS continues to place a strong emphasis on literacy and numeracy, supporting student learning, and building strong partnerships between schools, families, and communities. Inviting families into our classrooms gives us another way to work together toward those goals while showing students that learning is something we all share.

We look forward to many more celebrations together throughout the year!

The Power of Gratitude: Finding Hope in the Season of Thanks

"Give thanks to the Lord, for he is good; his love endures forever" (Psalm 107:1, ESV)

As we gather with family and friends this Thanksgiving weekend, it is a wonderful time to reflect on the power of gratitude.

Gratitude has a unique way of grounding us. Too often, we wait until our circumstances are perfect, our problems are solved, or our goals are met before we feel thankful. But what if gratitude wasn't just a reaction to a good outcome, but a steady foundation we could stand on even when life is uncertain?

The stories of Jesus show Him offering thanks in moments of immense pressure—whether faced with feeding thousands with only a few loaves of bread, standing at the tomb of a friend, or preparing for difficult days ahead. In each instance, gratitude wasn't dependent on having all the answers; it was an expression of trust, resilience, and faith that goodness would prevail.

Scripture and historical teachings remind us that thankfulness is a powerful practice.

The apostle Paul encourages us to "give thanks in all circumstances"—not to ignore pain, disappointment, or difficult waiting, but to choose a posture of hope.

When we practice gratitude, our confidence shifts. We begin to remember moments of past resilience, recognize the everyday blessings hidden in plain sight, and trust that tomorrow holds new potential. It invites a sense of peace that doesn't depend on perfection.

A Prayer for You This Season:

May we pause to recognize the quiet gifts around us. May our hearts find courage in moments of uncertainty, and may we be sources of comfort and kindness to those who need it most. Thank you for the community we share, and for the grace to meet each day with hope. Amen.

No matter where you are on your journey this season, may your Thanksgiving weekend be filled with warmth, reflection, and the love of family and friends!

Blessings to everyone in our community!

WESTMINSTER PRESBYTERIAN CHURCH

THE STORY WITH A DIFFERENT ENDING

THE WEATHER WAS PERFECT on that warm summer day in 2014 when the folks from the Killam and Galahad Presbyterian congregations were gathered outside the Church in Killam for our annual picnic.

And the entertainment was even better as we sat and observed Sammy, our family cat, playing with the tiny mouse she had just captured. Watching our little Sammy bat her tiny prisoner back and forth between her paws, we all knew, full well, that we were observing a drama of life and death; a story of uneven odds that felines and rodents had been playing since God invented nature. We also knew how the story would end. We all knew that our cat would eventually tire of the game and turn the mouse into a picnic of her own. But that day, at that picnic, we were mistaken, and a story which should have ended with the mouse's demise suddenly had a very different, and very unexpected ending. Because what was supposed to have been little Sammy settling into an easy meal became, instead, her frightened retreat as she fled the scene in undignified haste, and with her tail, quite literally, tucked between her legs - leaving the mouse to do a couple of victory laps around our apple tree, and then scurry off to live another day.

But what could have possibly frightened the cat so badly, you ask?

Answer: The mouse! Who suddenly decided to fight back!

But still, you ask, if you're only a tiny mouse, just how do you fight off a great big cat anyway?

Answer: You bare your little teeth, raise your little claws and let out the biggest, loudest squeak you can, while, at the same time, you LEAP - right into the cat's face...!!!

And that day, and in the presence of many witnesses, that's exactly what happened.

An old, old story unfolded – one that should have ended the way such a story always ends.

That time, however, the story had a different ending – living triumphed over dying, and “the little guy” won!

My friends, wouldn't it be wonderful if our own stories could unfold the same way?!?

And become stories where endings could somehow become beginnings again?!?

And where defeats and failures could become victories?

And where sadness and darkness could give way to light and joy?

And stories where death could be defeated by life?

There is such a story. It's the Christian story, and it's a story that we can learn, and practice, and experience. It's a story with a place for each and every one of us, with lessons that are eternal.

And with Grace, and Love, and Joy beyond all measure.

It's a story that we can celebrate and share with others – over and over and over again.

Because it's a story that never grows old.

It's also a story that will challenge us and, sometimes, cause us to struggle.

But the best part is – it's a story that offers a different and better ending.

And the even better part is - it can be your story. My story. Our story.

And if we will have faith.

If we will trust in God...

It can become a story that never has to end.

Blessings!
