Principal's message...
Feb 4th, 2026

As we begin second semester at DFCS, there is so much to celebrate and be proud of as a school community.

The new semester has started with a wonderful Week of Welcome, culminating in a much-anticipated Pancakes & PJ Day this Friday. A sincere thank-you to Ms. Tarla Olson, Shanna McCutcheon, the DFCS faculty, and our student leadership group for making it possible for our school family to come together and share a meal. Moments like these help build the sense of belonging that makes DFCS such a special place.

Last week, we were thrilled to welcome over 70 parents and community members to our school awards ceremony. Thank you for joining us in celebrating the achievements, growth, and character of our students. Your presence sends a powerful message about the value we place on recognizing success.

January 27 marked Family Literacy Day, and—together with our Family Numeracy Day last semester—these events were a tremendous success. It was inspiring to see students and parents learning side by side, working together to strengthen literacy and numeracy skills in meaningful and joyful ways.

Finally, we are incredibly grateful to our community partners. The Chauvin Economic Development Digital Initiative (CEDDI) has generously pledged to replace an aging glass-front refrigerator in our foods lab. This support directly enhances student learning experiences and reflects the strong partnerships that make our school thrive.

Thank you for continuing to support DFCS. Together, we are off to a fantastic start to second semester.

Stay Warm --

Chauvin Students Test their Skill of Balance, Cooperation and Teamwork while exploring Yoga Poses

Children engaging in partner yoga poses experience a unique blend of connection, creativity, and teamwork. As they collaborate to balance, breathe, and move together, they learn to communicate clearly and trust one another, strengthening their social bonds. The playful nature of partner yoga invites curiosity and imagination, making the practice both fun and engaging. Beyond the physical benefits, these shared mindful moments help children develop emotional awareness, reduce stress, and build confidence, supporting their overall mental health and wellness.

Please feel free to reach out to me through my email: shannon.fife@btps.ca to find out more information.

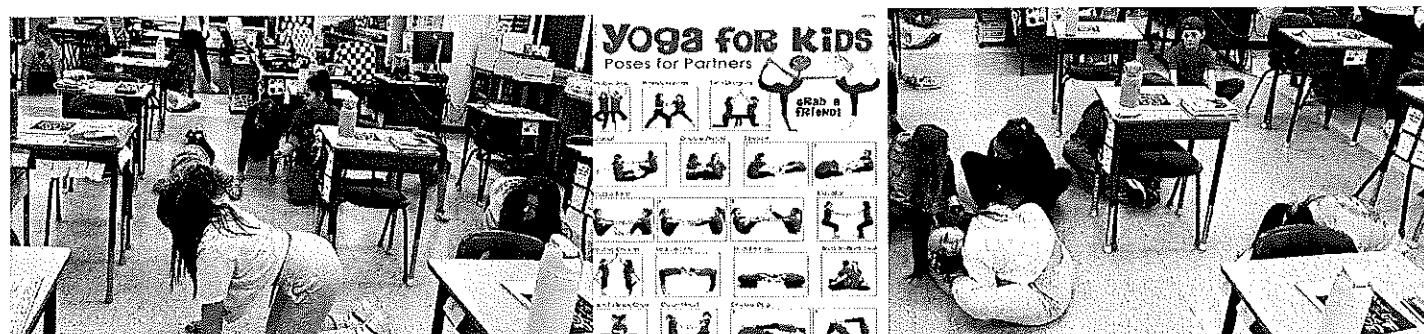

Here's to a positive, healthy, and empowered school year together!

What is the Greatest Commandment?

from: Turning Point with Dr David Jeremiah

In Mark 12 Jesus was fielding a series of hostile questions from critics who were trying to trip Him up. They asked Him about everything, including His own Resurrection. Although the questions were inflammatory, He answered with so much wisdom, they couldn't find fault with His answers.

Then a scribe, a religious man who would have been very familiar with all 600+ commandments in Jewish law - asked Jesus this: Which is the first commandment of all?

Jesus answered by going to Deuteronomy 6:4-5. He said, "The first of all the commandments is: 'Hear, O Israel, the Lord our God, the Lord is one! You shall love the Lord your God with all your heart, with all your soul, with all your mind, and with all your strength.' This is the first commandment."

The command to love God is our greatest obligation and joy. By gazing at the immense masterpiece of Gods' love - the Crucifixion - we can learn something about our two greatest duties in life - loving God and loving one another. There, we can learn something about the purposeful, selfless, unconditional, and sacrificial nature of Gods love. One way our love for God should be recognized is through obedience. Jesus says to 'love me and keep my commands ...' (John 14:15, 21). Another way is through prayer (Psalm 16:1) and also by hating evil (Psalm 97:10). We also show our love when we long for His return (Revelation 22:20).

In Mark 12:31 Jesus says, " And the second, like it, is this: 'You shall love your neighbor as yourself. '

There is no other commandment greater than these."

Jesus told us to love God; then He went on to tell us to love our neighbor in the same way we'd like to be loved ourselves. This particular passage is repeated in other Gospels, and we call it the Golden Rule. What this rule can do is help us understand how to implement His second commandment. If we want to understand what it means to love God, we have to love others; and if we really want to love others, we have to treat them with kindness, fairness, gentleness, honesty, integrity, and servanthood - just as we ourselves want to be treated.

The second commandment tells us to love others with action-based care. If they lost their job we'd grieve as if we lost ours. If one of their loved ones' dies, we'll feel the pain. Whenever they have a need we'll try to fill it.

In order to be all the way into the Kingdom of God we must follow the greatest command, which is the simplest thing in the world - to love the Lord your God with all your being and to love your neighbor as yourself.

WESTMINSTER PRESBYTERIAN CHURCH

(STILL SEEKING) THE FAITH THAT LIVES

"The Faith that Christianity proclaims is living and active; a noun, but also a verb."

"Faith is the voice able to whisper hope and assurance to those seeking guidance."

"Faith helps to discern what is valuable and worthy, and what is not."

"Faith counsels me, not only on how I will spend eternity, but also on how I spend my money, my time, and how I use my talents now."

"Faith helps me to sing; not only when life is good, but also when my heart breaks, my health fails, my life is beset with doubts, and the world is falling apart"

"Faith reaches beyond loving my enemies, and helps me with something much more difficult – caring for my neighbours and the people I live with everyday."

"Faith helps me walk that second mile, and then even further – budging even just an inch beyond unhelpful attitudes"

"Faith gives me courage - not to change the world, but to do something much harder – to change myself."

And all of this sounded so wonderful when I first wrote it – until I remembered something very important.

I remembered the place from where faith like this ever truly begins:

From the weeping that comes before the singing, more than from the singing.

From the darkness that comes before the dawn, more than from the dawn.

From the defeat that comes before the victory, more than from the victory.

Scented less like roses and perfume.

More like the smoke that lingers from burned-out hopes and expectations.

More like the dust from the rubble of broken hearts and shattered egos.

This is why faith is never easy.

Nevertheless, this is where faith always begins, and here's why:

The faith the Church proclaims, and the Church that faith sustains, began exactly that way:

Not on a throne, but in a tomb.

Not with a tea-party, but with a trial.

Not with blessing, but with a betrayal.

Not with a great King, standing to receive homage, but with a condemned man, stooping, with towel and basin, in humble servitude.

Who warned His disciples: Faith would one day require them to do likewise.

But who promised them: Faith would do things through them, and to them, and even in spite of them.

But also because of them.

Faith would invite them on a journey they thought they would never need to take.

Faith would lead them to places they thought they would never need to go.

So they went. Not always willingly, but they went anyway. Obeying Jesus.

Eventually, they came to own something wonderful.

Eventually, something wonderful came to own them.

A Faith That Lives - A Living Faith.

Faith that grows and gives life to others in the real world.

And treats real issues. And cares for real people.

And helps real people to love other real people.

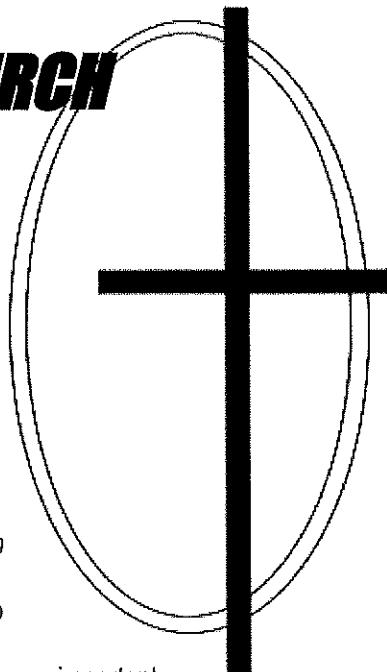

And believes in and loves God. And not just with words.

That's the kind of faith I seek.

How about you?"

Faithful Blessings!

Rev. Steve.

Youth Assessment Centre

YAC Supports & Services

Wrap around services and supports.

We're thrilled to announce new intake opportunities to better support the needs of our youth between the ages of 16-19 and enrolled full time at an approved educational facility. If you or someone you know is facing challenges, our team is here to help with:

- Food & Nutrition Crisis
- Mental Health & Addiction Supports
- Post-Secondary Planning & Support
- Housing Crisis & Support Services
- School Enrolment Assistance
- Employment Guidance & Resources
- Local Resources & Referrals
- Financial supports
- And more...

At YAC, we understand that young people are navigating complex barriers. That's why we offer advocacy, research, referrals, and support tailored to each individual's needs.

Our Intake Services team is your first step to getting connected. Let's work together to find the right support path for you.

Reach out today or refer someone who could use a hand. We're here to help!

Want to learn more about YAC's supports or services including explanation of our wrap around supports?

We got you covered! We can provide in person, virtual or pre-recorded information sessions.

We are still offering...

Assistance with applying to Foundational Learning Assistance program.

YAC still supports applications to Foundational Learning Assistance program for those who fall under the below eligibility:

- Between the ages of 16-19
- Meet one of the GoA eligibility criteria
- The student must be registered "Full Time" at an approved educational facility. "Full Time" is defined as being registered and participating in a minimum of 3 classes per semester to be considered for FLA Funding.
- Meeting expected attendance and progress as per FLA policy.
- Social Insurance Number
- All eligible students must create an account on Alberta.ca <https://account.alberta.ca>
- Bank account

Alberta Works funded learners are expected to attend the program, make acceptable progress, achieve their training goal and facilitate a successful transition to further education or employment. Funding is based on participation/progression in the classes and consultations with the student as well as the school.

What's New

Service Coordinator Update

For those funded learners, Service Coordinators will be contacting schools and students to facilitate progress and attendance documents for semester one completion. Service Coordinators will also facilitate one check-in (good for one semester) to verify attendance to meet criteria relating to eligibility.

Intake Services Around the corner

Unregistered students are encouraged to register in the correct school/level prior to reporting to their chosen school. Students will be issued a transcript in reference to their address on file.

If your school/organization has an upcoming community event and would like for us to be a part of it, please let us know.

YAC has a pre-recorded fifteen-minute information session about our supports and services for your convenience. Click this [LINK](#) to view the presentation.

If you experience any difficulties opening the link, please contact your Service Coordinator.

We are always taking in new referrals. Intakes are being completed by our Program Manager, Shaundell Curran, please forward new referrals to her:

Monday:

Tiny Makers Studio is a hands-on creative
program where young children explore art
through simple, age-appropriate crafts.

Built to Bloom is a new program aimed for
kids 10-12 years old. Where they will gain skills
like mindfulness, movement, nutrition and
more.

Table Talk will be a program where each
month we will be discussing programs and
services offered at the FRN

Tuesday:

Through play, toddlers build coordination,
confidence, creativity and social skills.

Playing with playdough strengthens fine motor
skills and hand muscles while encouraging
creativity and imagination.

On our Tween program we will explore
Pockets Pool Hall.

Wednesday:

Our morning program will focus on loose parts
play which fosters creativity, problem-solving,
critical thinking, and independence.

Our Baby Bunch will be making love-themed
crafts and learning about the importance of
early literacy.

Thursday:

Music helps build language and listening
skills, strengthens memory and attention,
encourages movement and coordination.

Homeschool hangout: a program for
homeschooled kids to connect and socialize.

Building helps toddlers develop fine motor
skills, problem-solving, and early math
concepts while encouraging creativity.

Triple P night is a parenting program where
parents will get skills and helpful routines for
their parenting journeys.

Friday:

Painting strengthens fine motor skills, builds
confidence, and helps children explore
colors, emotions, and ideas through hands-on
play.

Join us for a fun exercise class focusing on
pelvic floor health and creating a home

routine.
